

HADÉK GIVES (CHARITY)

SKIING TRIP TO AUSTRIA

As the Zonnebloemschool from Emmeloord we were looking for a suitable sponsor for our skiing helmet covers. We are a school for kids with special needs. These students need a lot of attention and specific support. Every year we have our skiing trip to Austria.

Prior to this skiing trip we were looking for nice skiing helmet covers because we wanted to express uniformity as a school and to show that we are a single group, as well from practical point of view to have a point of recognition. Fortunately Hadek was willing to help us in this by sponsoring these covers. Our school is the company very grateful for this. We were so happy with these covers that we even used the name of Hadek in our group Yell! By means of these covers skiing became safer for our students and it added to an unprecedented skiing week in Austria. Hadek thank you very much for making this happen!

- Dineke (Roelof's wife)
